Homework 4 : Networking
CMSC 242
Spring 2015
Due: Monday, March 30, 2015

Read Chapter 11.   Do practice problems 11.1, 11.4, and 11.5 from Chapter 11.

Then download the code for "Tiny" from the author's web site:

  http://csapp.cs.cmu.edu/public/tiny.tar

Untar it with "tar xvf tiny.tar" and do exercise 11.6 from page 928.

What you should turn in is a single sheet of paper (possibly this one) with answers to the following questions:

1. What version of HTTP did your browser use?

2. What headers did your browser send? What does RFC 2616 say they mean?

Header_____   Meaning_____
